What is KRISHI MAPPER

- Krishi MApper is an **Android-based** mobile application developed by the Ministry of Agriculture & Farmers Welfare, Government of India.
- It is designed to digitally **capture the polygon** (geo-fencing) of **farmland or asset areas** under various Central and Centrally Sponsored Schemes.
- The tool facilitates geo-tagging, baseline data collection, and monitoring of land - based agricultural schemes for enhanced transparency and data-driven decision-making.

Krishi MApper Process Flow and Screens

Krishi MApper Android Mobile App- Home Page

MIDH scheme screenshot for illustrative purpose

A screenshot of the MIDH app login screen. At the top, the word "MIDH" is displayed in green over a landscape image. Below this, the word "Login" is centered. There are three input fields: a dropdown menu labeled "Please select unit" with a downward arrow, a text field labeled "Enter User ID", and a text field labeled "Enter Password" with an eye icon for toggling visibility. A green "Login" button is at the bottom. The background features a faint image of wheat stalks.

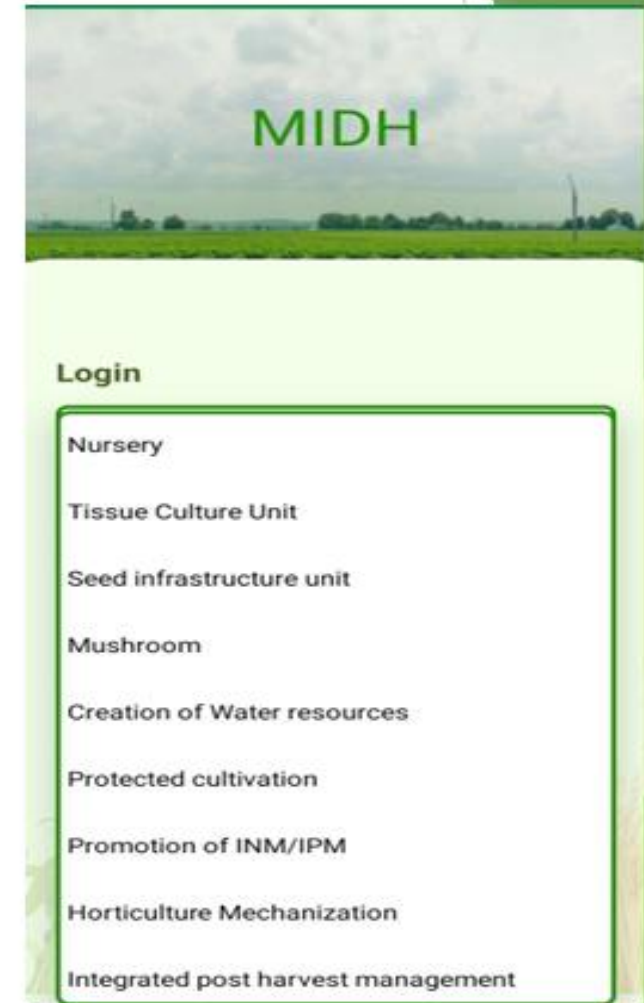

☐ Login

Select the Unit from drop down.

Enter the User ID.

Enter the Password.

Login the app.

A second screenshot of the MIDH app login screen, showing the dropdown menu open. The menu lists ten units: Nursery, Tissue Culture Unit, Seed infrastructure unit, Mushroom, Creation of Water resources, Protected cultivation, Promotion of INM/IPM, Horticulture Mechanization, and Integrated post harvest management. The "Login" button remains at the bottom.
